

**30/05/2025 FRIDAY**

07:00 - 17:00	<b>Registration</b>	
	<b>ROOM 1</b>	
08:00 - 09:15	<b>Update on abdominal aortic aneurysms (AAAs) and aortic dissections</b> <b>Chairs: Peter Gloviczki (US), Zoltán Szeberin (HU), Zbigniew Krasinski (PL)</b>	
08:00 - 08:01	<b>Introduction</b>	
08:01 - 08:09	<b>Peter Gloviczki (US)</b>	European and United States guidelines on AAAs: agreements and conflicting recommendations
08:09 - 08:17	<b>R. Clement Darling III (US)</b>	Optimal treatment of ruptured AAA: when is open surgery better than endovascular repair?
08:17 - 08:25	<b>Kosmas Paraskevas (GR)</b>	An international Delphi consensus on controversial issues in the management of AAAs
08:25 - 08:33	<b>Zoltán Szeberin (HU)</b>	Treatment strategies of AAA in women
08:33 - 08:41	<b>James F. McKinsey (US)</b>	Indications and results of endovascular treatment of Type II endoleaks after endovascular abdominal aortic aneurysm repair (EVAR)
08:41 - 08:49	<b>Zbigniew Krasinski (PL)</b>	Open surgery for Type II endoleaks is still needed, it is effective and durable
08:49 - 08:57	<b>Germano Melissano (IT)</b>	Contemporary endovascular treatment of acute and subacute Type B aortic dissections
08:57 - 09:15	<b>Panel discussion</b>	
09:15 - 09:30	<b>Industry symposium No.1.</b>	Non-CME activity
09:30 - 10:45	<b>Opening ceremony</b>	
09:30 - 09:38	<b>Béla Merkely</b>	Rector's greetings on behalf of Semmelweis University and Official Opening of SIVS 2025
09:39 - 09:43	<b>Péter Sótónyi</b>	Welcome and greetings of the Semmelweis International Vascular Symposium
09:44 - 09:48	<b>Enrico Ascher</b>	Welcome and greetings of the Frank J Veith International Society
09:49 - 09:53	<b>Peter Gloviczki</b>	Opening remarks
09:54 - 10:09	<b>Bernardo Mendes</b>	Honorary Lecture of SIVS 2025: Endovascular Treatment of Complex Aortic Aneurysms: The Mayo Clinic Experience
10:10 - 10:14	Guests are escorted to the Aula for the Performance of the Semmelweis Dance Ensemble	
10:14 - 10:44	<b>Semmelweis Dance Ensemble</b>	
10:45 - 11:15	<b>Coffee break</b>	
	<b>ROOM 1</b>	
11:15 - 12:30	<b>New development in management of complex aortic aneurysms</b> <b>Chairs: Michel S. Makaroun (US), Mohamed Hamady (UK), Csaba Csobay-Novák (HU)</b>	
11:15 - 11:16	<b>Introduction</b>	
11:16 - 11:24	<b>Tomasz Jakimowicz (PL)</b>	Technique and results of off-the-shelf fenestrated branched endovascular aortic repair (FBEVAR) of non-ruptured complex AAAs
11:24 - 11:32	<b>Vladimir Makaloski (CH)</b>	The advantages of physician modified F/BEVAR for non-ruptured complex AAAs
11:32 - 11:40	<b>Mohamed Hamady (UK)</b>	Treatment of ruptured complex AAA with off-the-shelf endografts
11:40 - 11:48	<b>Bernardo C. Mendes (US)</b>	Endovascular treatment of ruptured complex aortic aneurysm: when do we use off-the shelf and when physician modified endografts?
11:48 - 11:56	<b>James F. McKinsey (US)</b>	Should we use parallel grafts for treatment of ruptured complex AAAs and what are the results?
11:56 - 12:04	<b>Michel S. Makaroun (US)</b>	Endovascular repair for complex aortic aneurysms using the TAMBE 4 branch device
12:04 - 12:12	<b>Csaba Csobay-Novák (HU)</b>	A streamlined workflow for physician modified endografts - the Semmelweis experience
12:12 - 12:30	<b>Panel discussion</b>	
12:30 - 12:45	<b>Industry symposium No.2.</b>	Non-CME activity
12:45 - 13:30	<b>Lunch break</b>	
	<b>ROOM 1</b>	
13:30 - 14:45	<b>Endovascular repair of the aortic arch and the thoracoabdominal aorta</b> <b>Chairs: Germano Melissano (IT), Jesse Manunga (US), Miklós Pólos (HU)</b>	
13:30 - 13:31	<b>Introduction</b>	
13:31 - 13:39	<b>Tomasz Jakimowicz (PL)</b>	Endovascular arch repair - lessons learned from the first 100 cases
13:39 - 13:47	<b>Jesse Manunga (US)</b>	Failed EVAR rescued with physician modified fenestrated and branched endoprosthesis
13:47 - 13:55	<b>Muhammad Ali A. Rana (US)</b>	Endovascular septotomy for chronic thoracoabdominal aortic aneurysms with dissections
13:55 - 14:03	<b>Clark J Zeebregts (NL)</b>	The Global FACT study: results with the Fenestrated Anaconda (Terumo Aortic) Endograft for treating complex AAAs
14:03 - 14:11	<b>Mohamed Hamady (UK)</b>	The advantages and drawbacks of outer vs inner branches of F/BEVAR endoprostheses
14:11 - 14:19	<b>Miklós Pólos (US)</b>	Results with the Thoraflex (Terumo Aortic) frozen elephant trunk device for complex arch aneurysms - the Semmelweis experience
14:19 - 14:27	<b>Germano Melissano (IT)</b>	Open and endovascular treatment of "Post-Coartectomy" aortic arch aneurysms - results of an International Registry
14:27 - 14:45	<b>Panel discussion</b>	
14:45 - 15:00	<b>Industry symposium No.3.</b>	Non-CME activity
15:00 - 15:30	<b>Coffee break</b>	
	<b>ROOM 1</b>	
15:30 - 16:45	<b>Advances and controversies in the management of carotid artery disease</b> <b>Chairs: Enrico Ascher (US), Clark Zeebregts (NL), Péter Banga (HU)</b>	
15:30 - 15:31	<b>Introduction</b>	
15:31 - 15:39	<b>Zsolt Garami (US)</b>	Transcranial Doppler monitoring during carotid interventions: benefits and limitations
15:39 - 15:47	<b>Péter Banga (HU)</b>	The advantages of selective shunting during carotid endarterectomy
15:47 - 15:55	<b>Enrico Ascher (US)</b>	Comments on hyperperfusion syndrome, chronic kidney disease and mini-incision for carotid endarterectomy
15:55 - 16:03	<b>R. Clement Darling III (US)</b>	Open carotid endarterectomy, transfemoral and transcarotid artery stenting for symptomatic disease: current indications
16:03 - 16:11	<b>Kosmas Paraskevas (GR)</b>	Indications and results of endarterectomy or stenting for asymptomatic carotid artery disease: when is best medical treatment alone not enough?
16:11 - 16:19	<b>Clark Zeebregts (NL)</b>	Association between cognitive decline and asymptomatic carotid artery stenosis: can it be reversed with carotid revascularization?
16:19 - 16:27	<b>Piotr Myrcha (PL)</b>	Superficial temporal artery access for carotid artery stenting: indications, technique and results
16:27 - 16:45	<b>Panel discussion</b>	
16:45 - 17:00	<b>Industry symposium No.4.</b>	Non-CME activity
